

Then and now:~

An Oak Tree near Sindlesham Mill 1900 and 2009

An oak tree near Sindlesham Mill, 1900 - photograph by Llewellyn Treacher, (MERL).

Location: Mill Lane SU 76982 70130 beside River Loddon (just inside Winnersh)

The same tree in 2009 - *Quercus robur* girth 3.8m (estimated) at 1.5m - MRN 2630 (probably over 200 years old).

The pollarded willow on the left in the 1900 photo is not the willow on the left in the 2009 photos.
